

To do....

Answer to The Springer Spaniel Investigation....

GCSE Mathematics
Statistics II : Handelling and Processing Data

**** UNFINISHED ****

Weight	Tally	Frequency		
$14.0 \leq w < 14.5$		1		
$14.5 \leq w < 15.0$		2		
$15.0 \leq w < 15.5$		5		
$15.5 \leq w < 16.0$		4		
$16.0 \leq w < 16.5$		3		
$16.5 \leq w < 17.0$		3		
$17.0 \leq w < 17.5$		2		
$17.5 \leq w < 18.0$		3		
$18.0 \leq w < 18.5$		1		

Here is the best we can do, if we only have the grouped frequency table to work from.

It may help you to understand what you've done of the data in the table

14.25	14.75	14.75	15.25	15.25	15.25	15.25	15.25
15.75	15.75	15.75	15.75	16.25	16.25	16.25	16.75
16.75	16.75	17.25	17.25	17.75	17.75	17.75	18.25
